ÖMER FARUK OKTAY

Game and Mobile App Developer

PROFILE

Computer Programming graduate. I aim to specialize in game development and mobile app development. I code mobile and desktop applications myself, and I work with Claude Code on game and web projects.

EXPERIENCE

IT Intern · Kalyon PV Feb 2026 – Jun 2026

- Took part in setting up network infrastructure.
- Installed network distribution devices.
- Carried out computer setup and hardware assembly.

GAME AND MOBILE DEVELOPMENT

- **Mobile and PC:** developing mobile and desktop applications on my own, without AI assistance.
- **Games:** developing games in Unity and Godot with Claude Code.
- **Web:** website and interface design with Claude Code.
